1. I LIKE YOUR MIND

i LOVE the way you think, act, and respond to things. you speak so beautifully to me and others.

nggak selalu pelangi dan gulali sih, but most of the times, your words are enough to ease everyone's burden.

tolong titip terima kasih ke Ibu karena sudah bikin proker luar biasa berupa lu.

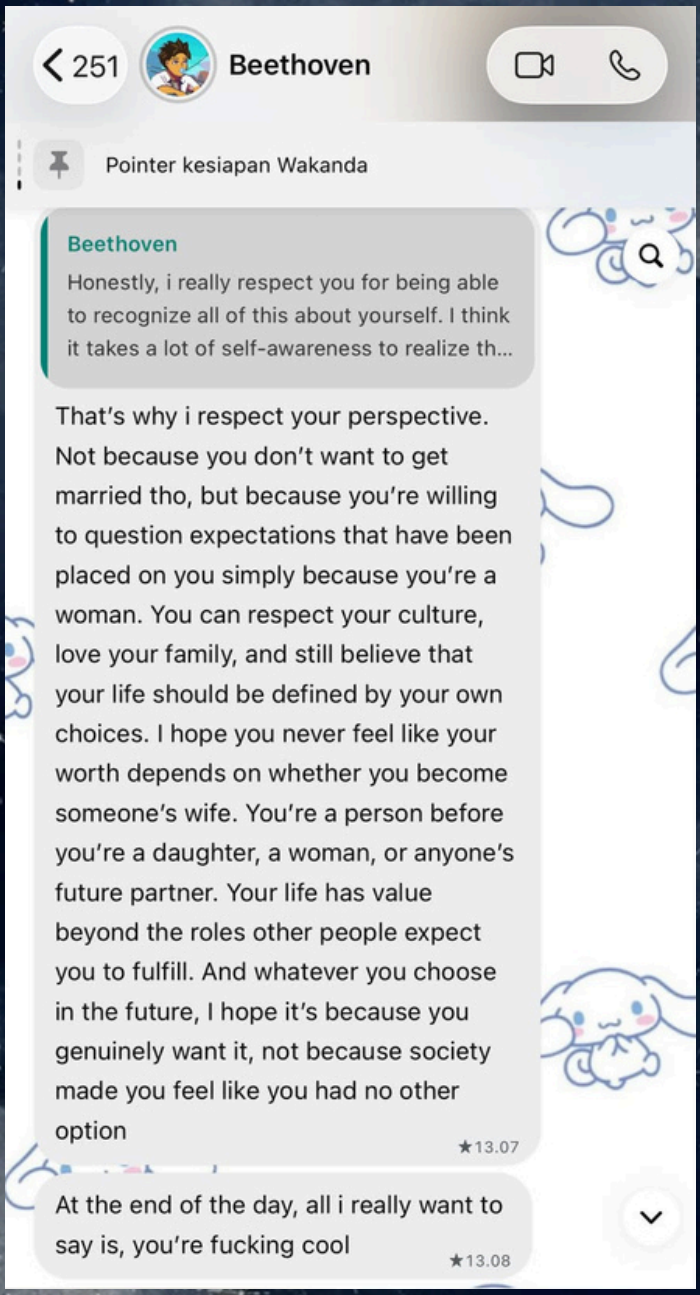
thank you for always being the fun and mature Deril that you are.

(also for being one of my closest friend now LoL)

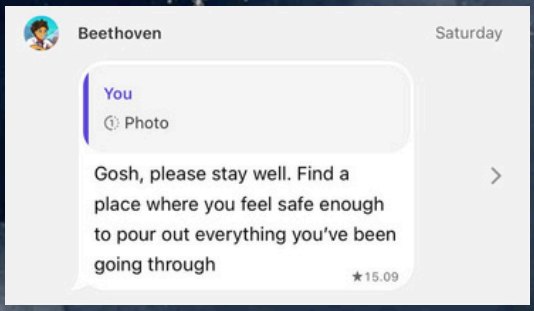
funfact: kalau bisa masuk ke pikiran beliau nih gue masuk juga dah, jujur aja penasaran soalnya random bener.

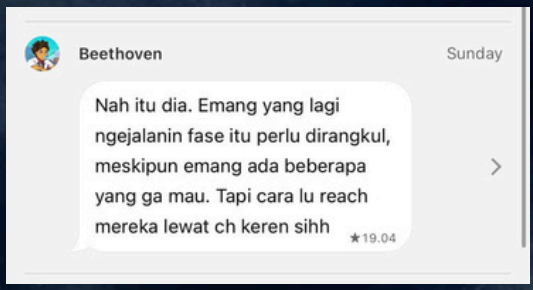
2. I LIKE YOUR BALANCE

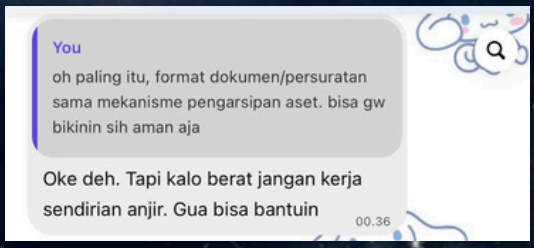
3. I LIKE YOUR KINDNESS

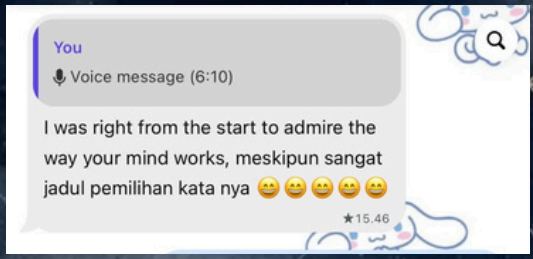


3. I LIKE YOUR KINDNESS (2)



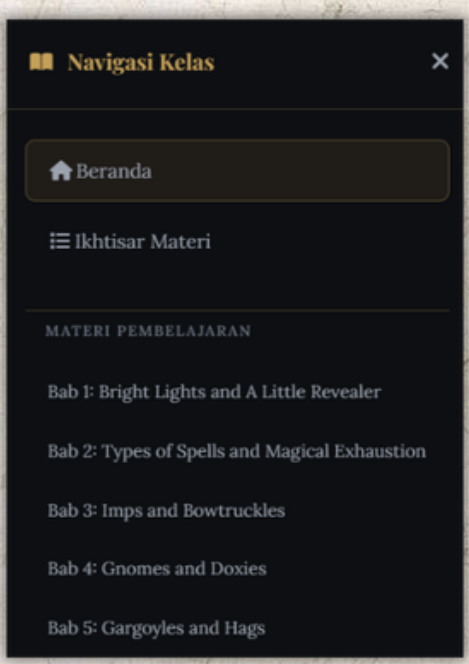






ps: Deril's pretending we've never played congklak because i lost and got sulky with him LMAO.
(terima kasih orang baik)

4. I LIKE YOUR EFFORT



yes, Deril is a professor at the Hogwarts Institute. dia pegang mapel D.A.D.A. lalu bikin website (dengan kerennya) untuk arsip materi kelas. kalau mau lihat, scan QR ini ya.

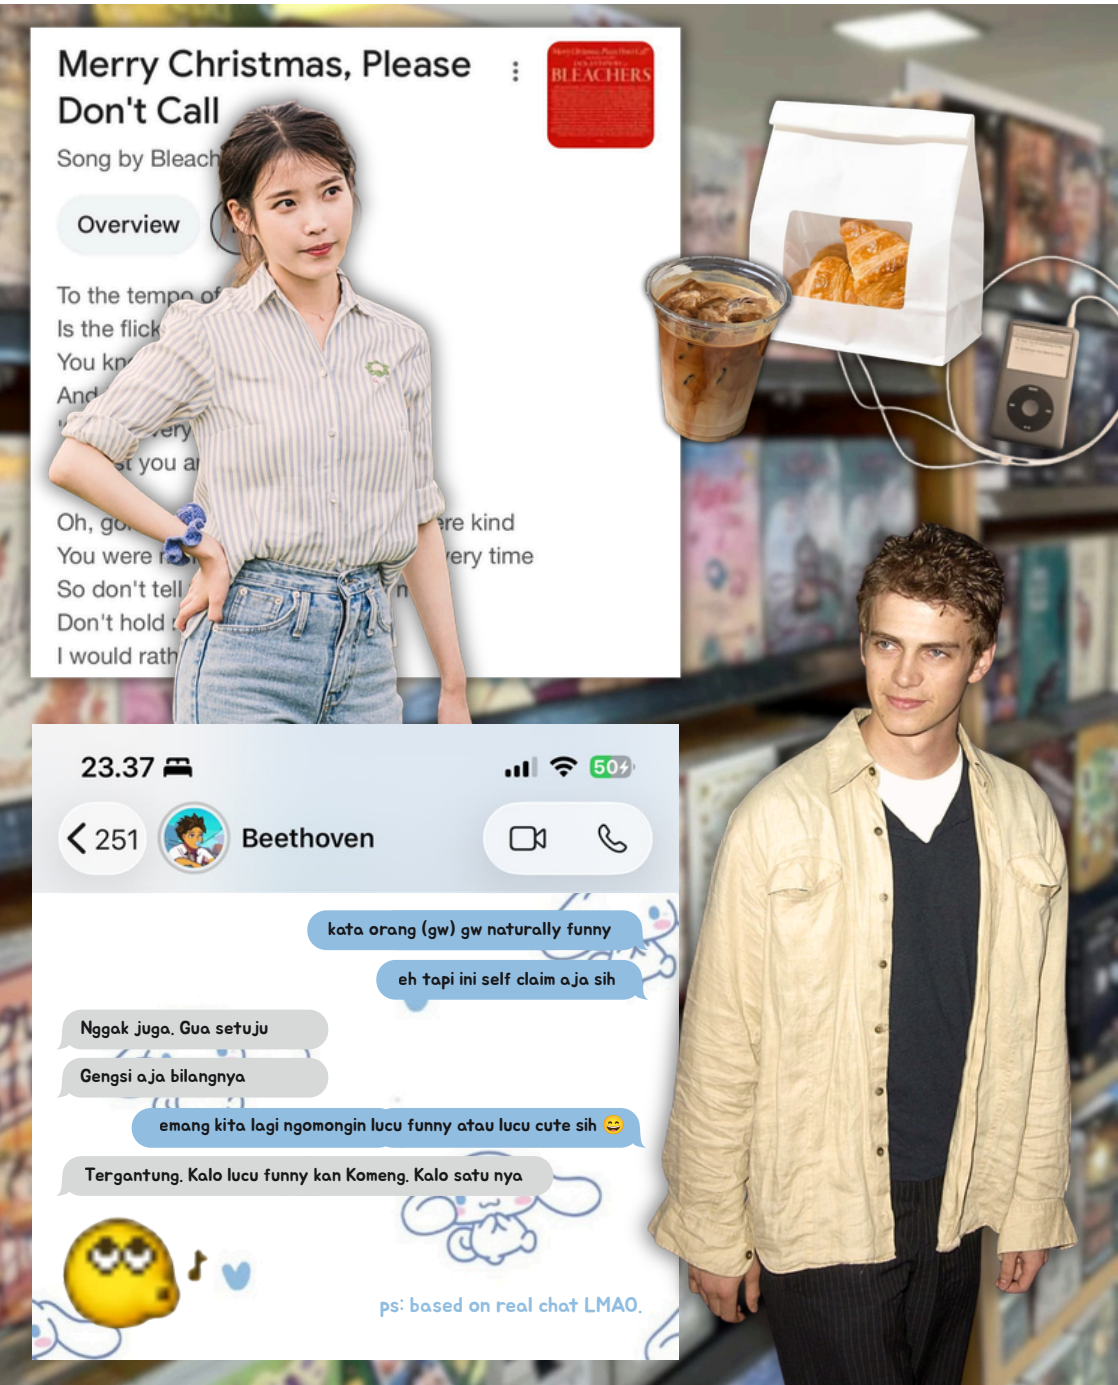
ps: walau tua, tapi dia canggih tau.

nah kalau ini, dia nyoba lihatin aku scrapbook online yang pernah dia bikin. tapi aku jadi tumbal (karena yang lama hilang) :D

ada satu lagi dia bikinin aku coding dari lagu 'Merry Christmas, Please Don't Call - The Bleachers' dan BAGUS BANGET JUJUR. pokoknya nanti lagunya bakal played dan muncul liriknya gitu deh, canggih jujur.

SUPPORTIVE

5. I LIKE YOUR ~~TSUNDERE~~ SIDE?



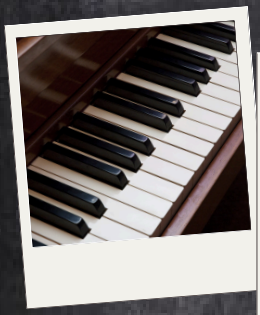
BARU SETENGAH HUFT
LANJUT NGGAK?
LANJUT NYAK ^^

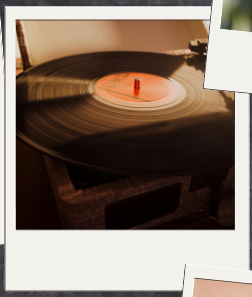
6. I LIKE YOUR SENSE OF HUMOR

7. I LIKE YOUR CURIOSITY AND PASSION

mungkin kalau ditanya, separuh jiwa Deril itu buku dan sejarah;

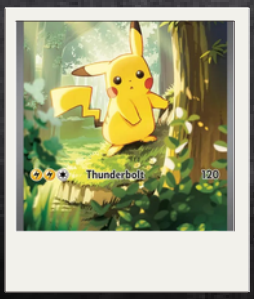
separuh lainnya musik dan sastra;





ps: nggak semua rasa penasaran itu positif, Der wkwk.

sepenggal Jejepangan juga.



8. I LIKE YOUR MAGICAL KEYBOARD

La Campanella - Niccolò Paganini

ugh this one sounds soooo complicated. yet he played it soooo beautifully.

ps: i kinda hate his ability to play the keyboard/piano, bcs it reminds me to Darvis LoL.

Merry Christmas, Please Don't Call - The Bleachers

this one is my request haha. i LOVE it so much, but instead of saying it bluntly, i said it was bad 😂 it's just annoyingly good (he got sulky wkwk).

less - Olivia Rodrigo

this one stabbed me right in my heart. damn, he played SO GOOD. eventho he said the tempo was still off, STILL, i adore the effort he put into figuring it out and bringing my request to life.

9. I LIKE YOUR POEMS

ps: gue kalau baca puisi lu, rasanya beneran kayak gini nggak bohong. anw my fav poem yang judulnya 'Kalau begitu, nanti saja.' chef's kiss

10. I LIKE YOUR WAY OF MAKING ME LOVE LIFE AGAIN

idk how to describe just how much i adore and respect you. but maybe i just want to THANK you for being my friend. i... have never received this much love from a friend before :(how can someone be this kind and genuine towards people? i should thank your parents and your family too for raising a MAN and a HUMAN.

at first, i thought i had a crush on you because you're SO COOL (or maybe i still do). but then i realized that it's way bigger than just a silly little crush. i love you platonically (i hope this doesn't bother you). i love talking with you, sharing things with you, and spending time with you. for a girl who used to be lonely, the amount of time you give me is WAY TOO MUCH (but i'm still grateful).

so, please, live a long life. i love seeing you bring happiness to people (not only me). i love the way you interact with people :D (and i wanna be a human like YOU, hehe).

thank you for living, bringing life back to me, and saved me.

♫ But on a Wednesday in the cafe, I watched it begin again ♫

SELAMAT, SUDAH SAMPAI
DI HALAMAN TERAKHIR.
TAPI MASIH ADA SESUATU HEHE

PUISI YANG MEMINJAM NAMAMU

untung aku belum jadi mati, sebab rupanya kujumpai sosokmu di seberang hari. yang berpayung rembulan pucat tempat kakimu berdiri. yang lalu menguntai malam berduri jadi berseri. yang lantas rajin sekali menyirami pagi.

untung aku belum jadi punah, sebab rupanya kausajikan menu bernama hari cerah. yang barangkali lewatmu, Allah titipkan hidayah. yang lalu mencincang kelana yang gundah. yang lantas mengunyah setiap resah.

untung aku belum jadi hilang, sebab rupanya kehidupan bisa berupa seseorang. yang tiada berangin datang. yang lalu buru-buru menaruh palang-palang. yang lantas berguna menghalau air pasang.

tapi mungkin memang perlu mati, untuk akhirnya bisa hidup kembali.
